## **TRAINING FOR RESEARCH METHODOLOGY ON RURAL DEVELOPMENTS**

Period: 13.9.21 TO 16.9.21

Mode : Online

No. of Trainees: 40

Course Director: Shri Suparno RoyChowdhuri, JS & OSD

Course-Coordinators: Shri Parthaprotim Roy, F.M.

Shri Arunaloke Ghosh, R.O.

### **Introduction**

Regarding research in rural development it is often discussed that there is always a gap between the need of the research personnel in different area of policy formulation of the Government and the properly trained mindset or knowledge gap to carry out the research work. So the development practitioners should be given ample opportunity or scope to incorporate their experiences with the people and projects, for valuable inputs into the mainstream of research works in various sectors of rural development areas. The knowledge is also useful in appraising the effectiveness of methods and techniques of rural development. It provides information that can be taken into consideration by development professionals prior to making decisions, that affect their clients, programmes, services or agencies such as use of alternative intervention techniques or change or modification of programme/client objectives and so forth. We are grateful to Dr Sukdeb Ghosh, Principal, and other Faculty members of Shri Krishna College, Bogula, Nadia, for their suggestions and extending co-operation to organise the programme in a better manner.

### **Objective of the training:**

The training is designed to create interest and capacity building intervention for the Officer and Scholars serving at Districts/ ETC/ DTC, Sub-divisions or Blocks and University students under the Department of Social Science/ Pol. Science/ Economics etc. It also aims to develop capability for application of Research Methodologies in the areas of Rural Development
