

BANKURA UNIVERSITY

বাঁকুড়া বিশ্ববিদ্যালয়

Department of Chemistry
Email: hodchemistry@bankurauniv.ac.in

Date: 12.09.2023

It is notified to all concerned students that TCG Lifesciences (Chembiotek), is going to conduct a campus drive on 21st September, 2023 for the Chemistry postgraduate students from 2022 and 2023 pass out batches.

Selected candidates will be hired as project fellow under permanent employment category in Kolkata and they need to undergo a 6 months rigorous training. During this period, they will be getting an Annual Salary of INR 3 LPA.

On completion of their successful training, they will be confirmed as Research Chemist with an Annual Salary of INR 3.26 LPA.

After joining, there will be a clause mentioned in their appointment letters that they have to work for minimum 3 years after completion of 6 months training.

Once they get confirmed as Research Chemist, their job role will be as follows:

- Need to handle small scale critical reaction involving pyrophoric reagents and hazardous substrates.
- Need to synthesize molecules both in small and large quantities.
- Purification of compounds using **Combi-flash** column chromatography in small and large scales.

Interested candidates are requested to send their details (Name, Mobile Number, Email ID, Passout year & University) to the undersigned (Email - hodchemistry@bankurauniv.ac.in) within 19th September, 2023.
